Kim Cox,

Has just notified me that we can have the BES Water Lab for the "2007 Field Day" meeting at 4 pm before the PHCAG meeting on July 11th.

Does that work for everyone?

Okay Folks,

I would like to schedule a "2007 Field Day" meeting in the next couple of weeks if we are to have this event this year. Judy, Chip & I had met but we need to decide how we want this structured. The CAG would like to be more involved this time around and hopefully we can have some dry weather. Anyone have some pull on the weather?

Robin,  
I support the idea of a Portland Harbor Field Day too. I have a mtg Wed 6/13 downtown that starts at 1:00 & may run long, but I'll try to make the 4:30 mtg Judy suggested if I can.

Hi Robin - I support holding a Portland Harbor field day this year. Would you and others be available to meet and discuss the event with Barbara Smith and I prior to the next CAG meeting, at 4:30 on June 13?

Proposed agenda:

1. Determine if we have the time, resources and momentum to hold a field day in 2007
2. Identify target date(s) for the event. (Saturday, September 29 or September 22 are my first choices)
3. Lessons learned from the first field day in 2004 (what to repeat, what to discard)
4. Brainstorm ideas and identify issues
5. Set up committees and primary planning functions (ie. exhibitor sign-up, permits, publicity, etc) and assign a person to be responsible for each
6. Discuss next steps and path forward

I've attached the 2004 exhibitor package, an unverified exhibitor list and a couple of pictures for everyone's reference. I have a fairly comprehensive file of other material, such as some exhibitor and participant evaluations that I can bring to the meeting.

P.S. I will bring food since we won't get a break before the regular meeting!

Subject: 2007 Field Day

Judy & Barbara,

The Portland Harbor Community Advisory Group would like to cosponsor 2007 Field Day event this year.

Are we up for it?

I think so!

The PHCAG is working on putting together some outreach plan and would like to cosponsor and have a booth at this event. Let me know when we can get together for planning.
